Something To Think About and Remember!

"I believe in Christianity as I believe the sun rises; not only because I see it, but because by it I see everything else."C.S. Lewis – A relationship with Christ allows us to see the true meaning of life and the possibilities that God places before us.

(NOTE: We have needed to travel a great deal because of His opportunities. We will do our best to resume our normal format on our next newsletter, thank you for your understanding).

QUICK UPDATES

MEDICAL

We just visited the area constructed. As you can see When we first visited this that would come from this. place of His love and teams to go and minister to the hearts and prayers assisting us in

OUTREACH

where the new medical outreach clinic is being the construction is up to the second floor. area the Lord allowed us to see His opportunities We have great hopes that this facility will be a message. We already have plans for some future Tibetans who live there. Thank you all for your reaching out to remote areas of China.

Education Outreaches

Beginning this Sept. we will be involved with a college campus of 3,000 students on a semi-regular basis. We are assisting a Christian student in a remote area of Tibet with the help of two wonderful doctors in Des Moines Iowa and we have several other Christian students in the education outreach projects. Several believers from remote villages are being disciplined on a regular basis. All of these outreaches continue to give His opportunities, to touch lives for eternity.

Orphanage Outreach

Your prayers continually grant us opportunities to have impact on young lives and leaders of two remote orphanages. We see His hand in these places and the potential of His future. Thank you for your willingness to be involved in places that you may never see. Be assured that He is there and His miracles will continue to change these precious lives.

Church

We can't thank you enough for all you do. Because of your prayers and giving some believers on this side of the world will soon have a completed church building to meet in. They can't send their thanks to you so we are doing it for them. They are very grateful and the building will make it much easier on the older friends, who before this had to hike for miles in the mountains to meet together. This is a real answer to their prayers!

A SHORT PRAISE REPORT!

Recently, we had the great blessing of a visitor for several days. This person is in a position of some influence in Tibet. This was not only a blessing because we hadn't seen him for a long time, but because we believe it was a divine appointment. We had several days to sow eternal truth into the life of this Tibetan Buddhist. This was a rare opportunity because of the remoteness and sensitivity of where this person lives. We ask that you would pray with us on a regular basis for our Tibetan friend, that His Holy Spirit will bring the words we shared to reality in his life, that the binding hold of Tibetan Buddhism will be broken off his heart and the new life of Christ will enter in!

We want to thank you so very much for your faithful prayers and giving. In our relationship to Christ we continue to see His miracles, His work and His plan unfold. Continue to hold your relationship with Jesus tightly and you will see His plan for you!
